

High Performance Plastic Injection Molding

Mold Details

Product	High performance Injection Mould
Property	High quality guaranteed
Cavity	Single or multi cavity
Core material	ASSAB 8407, 8402, S136, 718, P20
Mould Base:	LKM NAK, standard: HASCO, DEM, JIS.
Mould	EDM standard
Mould Material	45#, P20, H13, 718, 2738, NAK80, S136 etc.
Plastic material	PA, PP, PC, PS, PE, PVC, ABS, PMMA etc.
Runner	Hot/cold
Mould Life Time	500000~+2,000,000 shots

Something about Customized mold

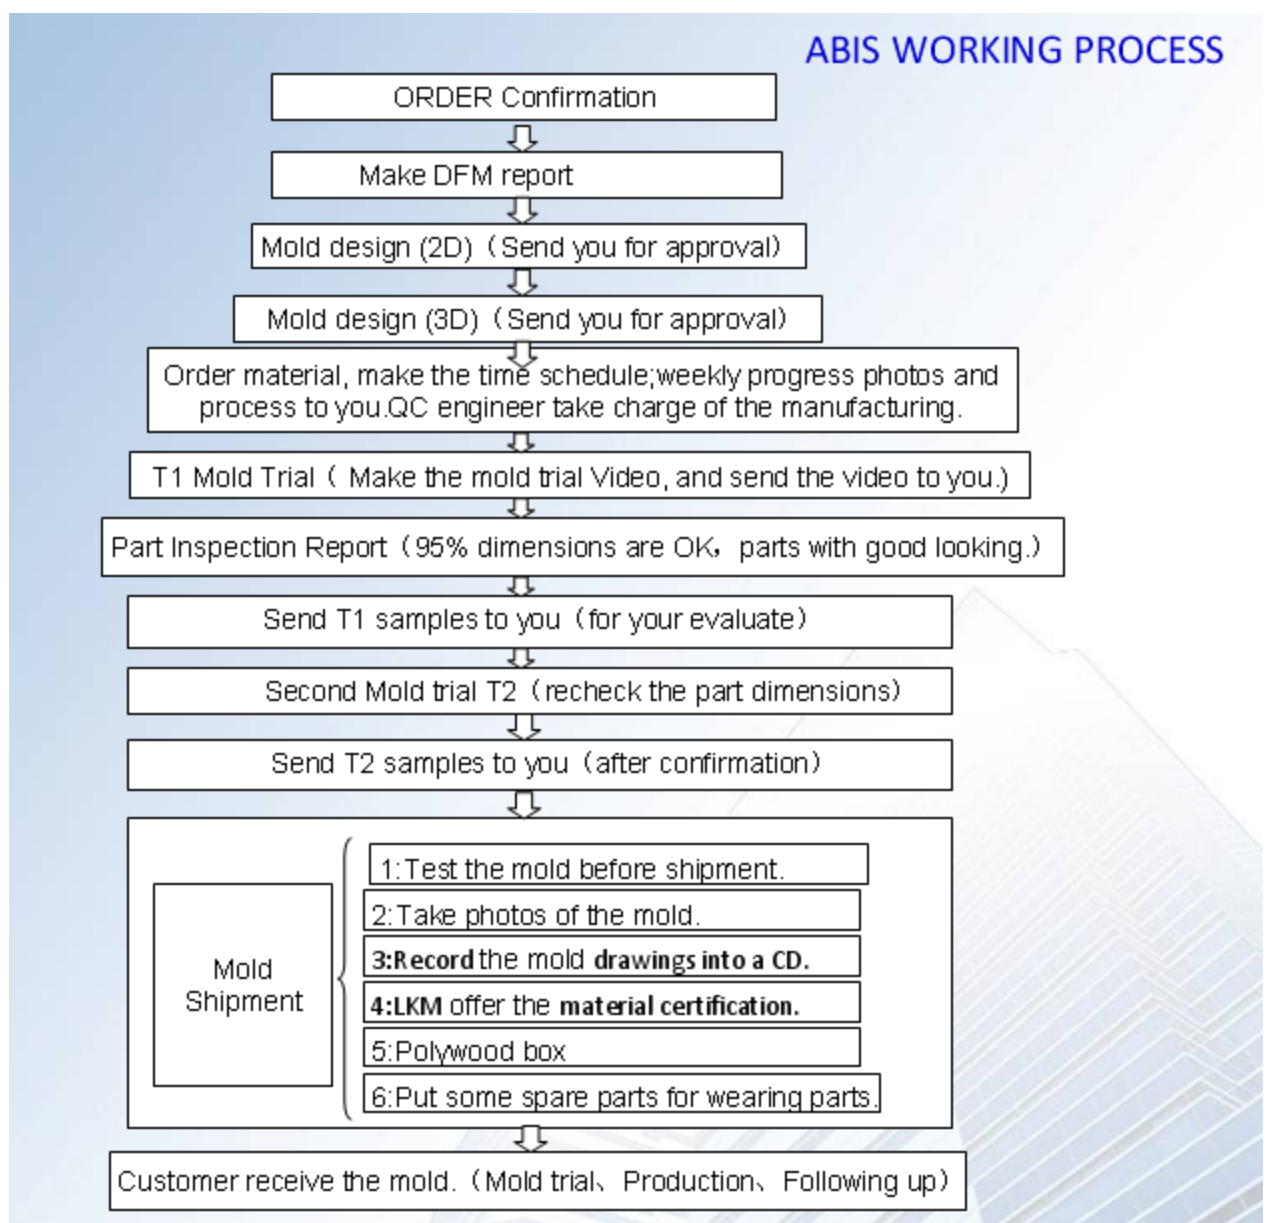

1. Detailed description of Custom Plastic Mould:

Cavity/Core Material	718H,P20,NAK80,2316,2738,DI N2344,H13 and available
Product Material	ABS,PC,PP,PVC,POM,PMMA,P S,PE,PET,RUBBER Silicone,P A,PBT,PEI,etc
Base	LKM or by requested

Structure	Double Color injection mold, Solid Mold, Insert Mold, Mold with Slide, Mold with Lifter
Runner System	Hot runner, Cold runner
Cavity	Single cavity, multi cavity by requested
Finish	Corrosion word, Mirror finish, Brushed
Mold standard	HASCO, DME, MISUMI, or by requested etc
Software	STEP and X-T, UG, pro-E
Tolerance	+/-0.05mm
Design time	5-7 day
Sample time	1 week
Production time	3-5 weeks, depends on mold structure
Main technique	Milling, Grinding, EDM, Wire-cutting, Engraving, CNC etc

Longevity	0.5-1 million shots
Packing	Wooden case,PE,or by requested

2. Custom Plastic Mould making process

ABIS Mold :

ABIS was founded in Shenzhen China, adjacent to Hong Kong, in 1996, has its own factory of 12,000 square meters. With the advanced facilities from Germany, Swiss and Japan, and a highly experienced design and engineering team, ABIS builds multi-cavity molds to exacting tolerances, providing the critical structural foundation for leading manufacturing companies to produce high precision mold.

Servicing various markets including Automotive & Aviation, Household & Industrial, Electronics & Telecommunications, Medical & Healthcare, OA equipment, Consumer Packaging , Personal care, and Sports, ABIS helps clients optimize productivity and minimize manufacturing costs, strengthening the ability of OEM to compete effectively on a global basis.

Our highly skilled journeyman tool makers have been developing and passing down the intricate knowledge required to build toleran

ABIS applies advanced software for mold design-Auto CAD, UG, Solid works and ProE etc. So far, ABIS has received the "ISO 9001" ,"ROHS" green, SGS certificate.

FAQ:

Q1. When can I get the price?

A: We usually quote within 2 days after we get your inquiry. If you are very urgent, please call us or tell us in your email so that we will regard your inquiry priority.

Q2. How long is the lead-time for mold?

A: It all depends on the mold's size and complexity.

Normally, the lead time is 25—35days.

If the molds are very simple and not big size, we can work out within 15 days.

Q3. I have no 3D drawing, how should I start the new project?

A: You can supply us a sample, we will help you finish the 3D drawing design.

Q4. Before shipment, how to make sure the products quality?

A:If you don't come to our factory and also don't have the third party for inspection, we will be as your inspection worker. We will supply you a video for production process detail include process report, products size ,structure and surface detail, packing detail and so on.

Q5.Can you do post production?

A:Some customers in addition to plastic injection require post processing, assembly of their products and packaging.

We have done this numerous times and have the facility and staff ready for these processes. You are welcome to inquire about post production if you need it. Or send us a quote request for any part you need. We will be happy to assist you with the quote or any technical, packaging, post processing or shipping inquiry.
