

ABIS Mold builds a wide variety of Plastic Injection Molds, ranging in size from small M. U. D. Inserts to molds of 15 tons; Single cavity to multiple cavity; Proto-type to high production class 101; Standard runner/gates to hot manifolds with valve gates.

Basic Info

Model NO.: Plastic Injection Molding ABIS010

Runner: Cold Runner

Design Software: UG

Installation: Fixed

Certification: ISO

Standard: DME

Customized: Customized

Product Shaping Mode: Plastic Injection Molding ABIS-010

Mould Base: Lkm, Dme, Hasco etc ;

Steel Hardness: 20-60HRC

Treatment: Pre-Harden, Nitride, Heat Treatment, Quenching

Mould Life: 50K - 1 Million Cycles

Product Design Software: Ug, CAD, PRO-E, Solid Works etc

Quality: ISO9001:2000 Certified

Payment: T/T, Western Union , Money Gram

Trademark: ABIS Mold

Transport Package: Crate/Pallet

Specification: 1000T double injection

Origin: China

HS Code: 8480719090

Product Description

Single cavity PA injection part auto plastic mould factory

Plastic Injection Molding Description:

Cavity Material 1.2738,1.2343, 1.2344, S7, H13, P20HH, GS738H, LKM738H, 718, 8407, S136, Calmax 635 NAK80,

SKD-61,NIMAX, 45#, 50#, Aluminum for prototype mold etc.

Runner Cold runner or Hot runner :YUDO/ HUSKY/MOLD-MASTER/SYNVENTIRE/INCO/ MASTIP/ HASCO/ DME

Gate Submarine gate, tunnel gate, side/edge gate, direct gate, pin point gate, sprue gate, diaphragm gate, fan gate, cashew gate, hook gate, hot tip, hot drop, valve gate etc.

Plastic material for partsPS, SAN, PA, POM, ABS, PP, PET, PC, PE, HDPE, PA66+GF, PVC, TPE, TPU, TPV etc

Process CNC, high speed carve, EDM ,wiring-cutting, drill, polish etc

Lead Time 10-30 work days depends on the structure and size of products

Package Wooden Case Package or according to customer requirement

Price Term EX Works, FOB Shenzhen, FOB Hong Kong, China, CFR, CIF, DDU, DDP
